

Dates for Your Diary

Please note that this is not exhaustive, we hope to add more events as the year progresses. Where actual dates have been used (rather than simply a month) we will try our very best to stick to these and not change them. However, as this is the plan for the year, circumstances may change and dates might therefore need to change too, so please keep an eye on future newsletters. There will also be a copy put onto the noticeboard under the events section.
